FROM : Chief, D/Ma

SUBJECT: Attached Memo to AD/ORE from Chief, D/Ma, dated 28 Feb 50

~~CONFIDENTIAL~~

1. For many months the Branch Chiefs and I have been discussing the way in which the Map Division can become more intimately associated with the overall production program of ORE. Everyone assumes that we know our business and that our field is largely technical in character. It is also generally assumed that we are in the basic intelligence field and only occasionally do we enter the field of current intelligence particularly in respect to the construction of cartographic presentations.

2. We feel that a modest step in gearing ourselves more closely with the rest of ORE's effort could be accomplished by affirmative action in regard to the recommendations included in the attached memorandum. It is felt that you may wish to make certain recommendations in forwarding the attached to the AD/ORE.

25X1A9A 3. I shall be out of town until the 10th of March at the earliest but [REDACTED] will be very pleased to discuss the content of the attached memorandum with you at your convenience.
